

Northwind Clinics - Quarterly Operations Report, Q3 2026

Summary

Patient visits grew 14% to 48,200 across the six clinics.

Average wait time fell from 31 to 22 minutes after the new triage desk opened.

The Dubai Marina clinic reached full staffing in August.

Finances

Operating revenue was AED 6.4m, 9% above plan.

Staff costs rose to AED 3.1m because of the two new night shifts.

Equipment spending was held at AED 0.4m, the same as Q2.

Risks and next quarter

Two clinics still run on the old booking system; migration is planned for November.

Nurse turnover reached 11% and is the main staffing risk.

Next quarter the board is asked to approve a fourth triage desk.
